

## Product Overview

The Sentence Structure Picture Resource is a collection of reproducible picture cards and worksheets that can be used to stimulate the production of simple sentences as children describe actions and locations. This product is designed primarily for children between 4 and 8 years of age. The following components are included:

**Section 1 - Large Picture Cards.** The pictures in this section fill up an entire 8.5 inch by 11 inch page. Each page includes four pictures.

Set A - Describing Actions

Set B - Describing Locations

**Section 2 - Picture Cards with Text.** Fold each page in half to create a card with a picture on one side and text on the reverse side. The pictures on the cards are identical to those on the Large Picture Cards in Section 1.

Set A - Describing Actions

Set B - Describing Locations

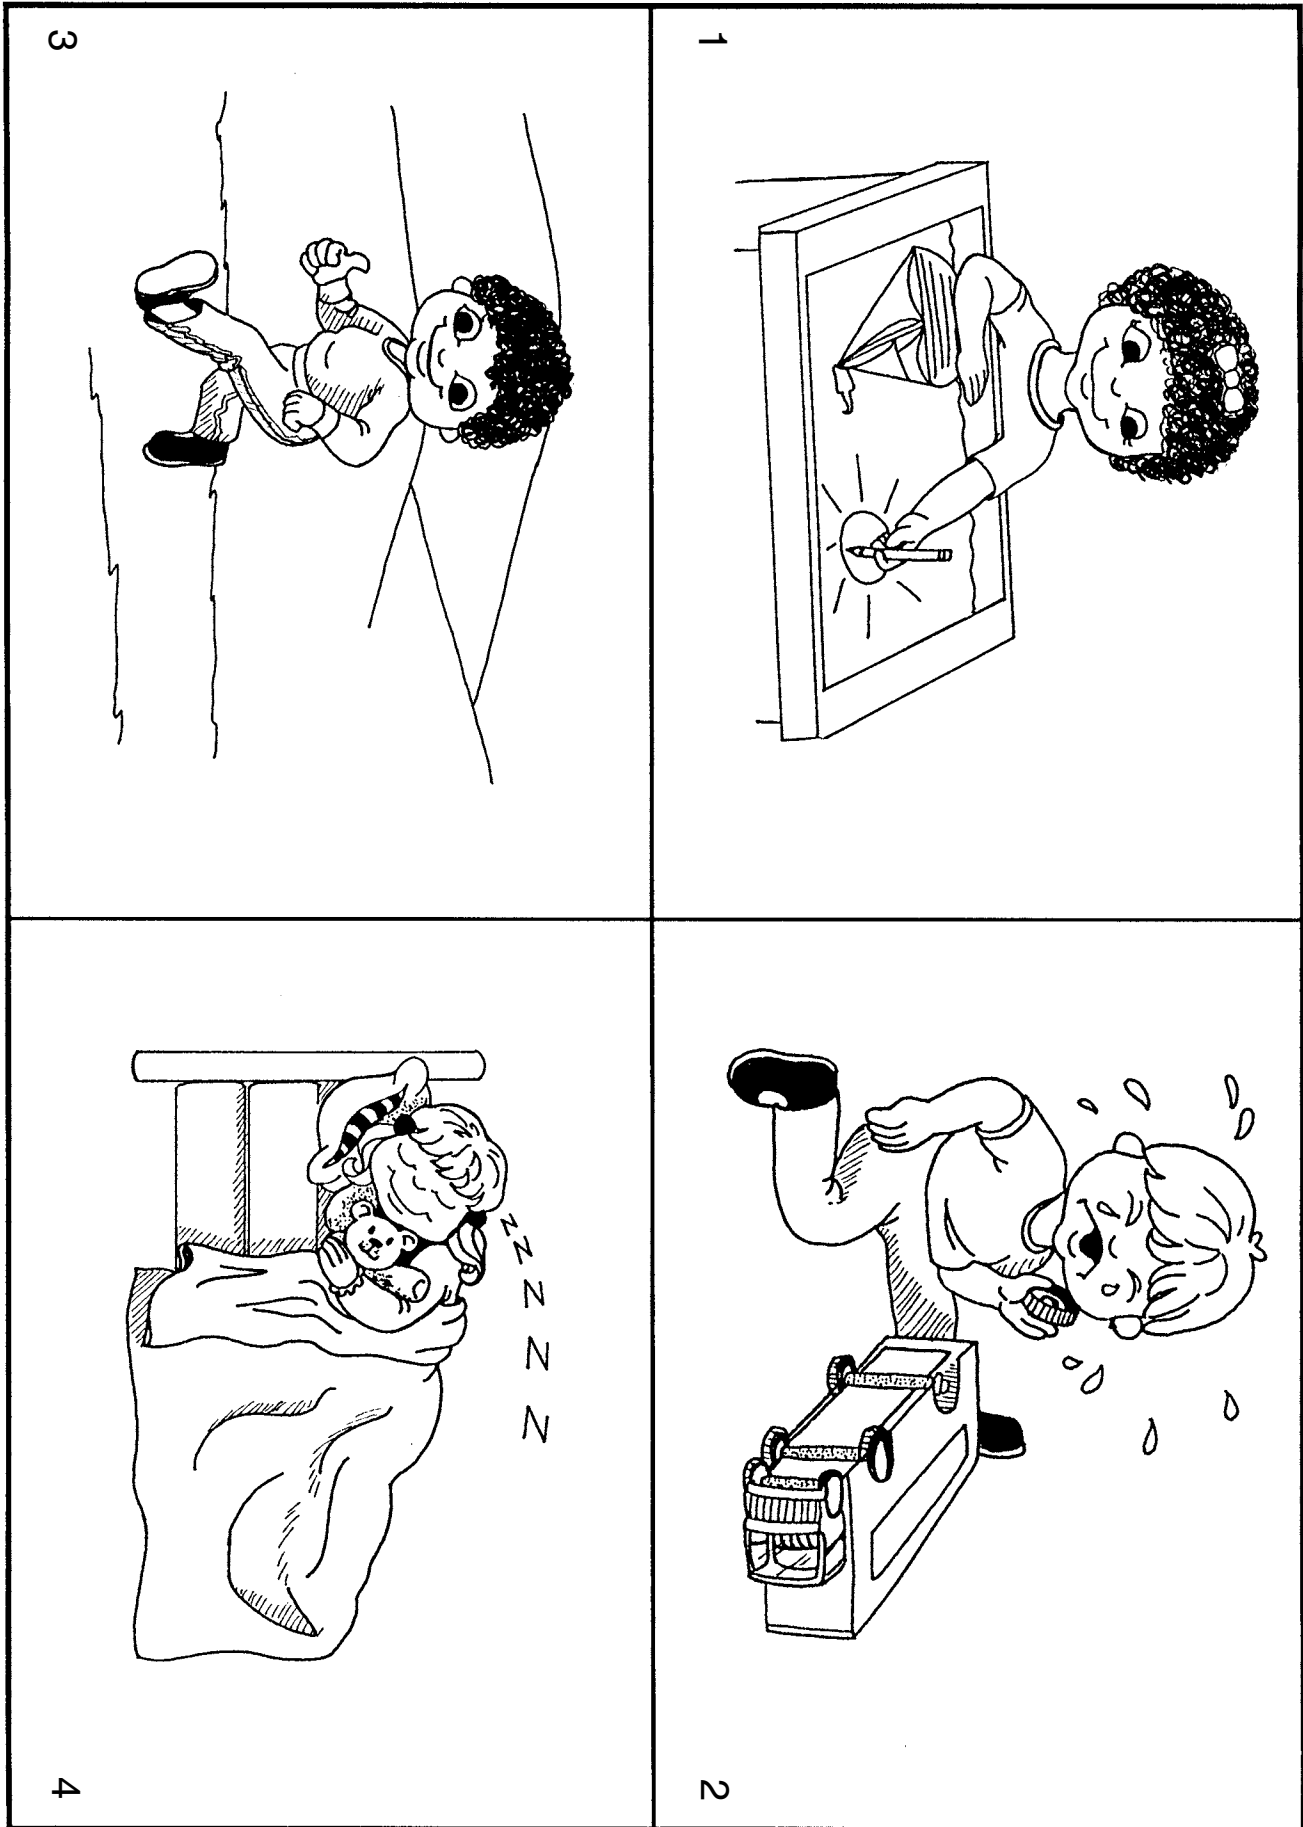

**Section 3 - Answer-the-Question Worksheets.** Each worksheet has three pictures. One question is included for each picture. The child's responses are recorded on the worksheets.

Set A - Describing Actions

Set B - Describing Locations

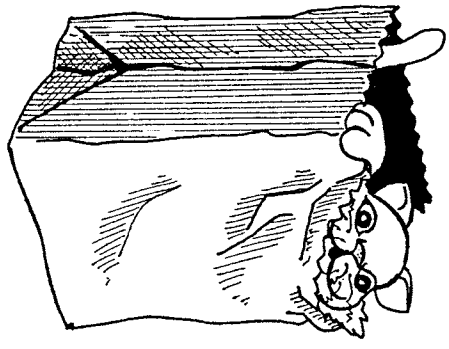

**Section 4 - Game Activities.** Reproducible playing boards and worksheets are included in this section. The pictures on the gameboards are used to elicit sentences in which students describe actions and locations.

The picture cards, worksheets, and playing boards may be reproduced, as often as necessary, for use with your students. The picture cards and other resources may be used in a variety of ways to stimulate the production of simple sentences.
