

## Story 5

# The Giant's Castle

*Instructions:* Read the story to the student. Then ask the student to continue the story by describing the action shown in four or more of the pictures presented on pages 88 and 89. Ask questions to elicit descriptive information as the student talks about the action in the pictures. After the student has finished, ask him/her to tell the story one more time from the beginning. Remind the student to describe the story setting and characters when telling the story. Write down the student's story on the reproducible full-page picture pages on pages 90-100.

### ***Picture A***

Jack and Jill were walking through the village when they saw something very unusual. There was a ladder leading to a castle in the sky. The castle was very large. "Let's climb up this ladder and visit the castle," said Jack.

### ***Picture B***

When Jack and Jill arrived at the top of the ladder, they walked into the castle. Suddenly they saw a giant. The giant was holding a large club over his shoulder. "I think that people are hiding in my house. If anyone is here, I will get very, very angry," said the giant.

### ***Picture C***

Jack and Jill jumped into a large bowl of fruit. "He won't find us here," thought Jack. "We'll stay here until the giant goes to sleep."

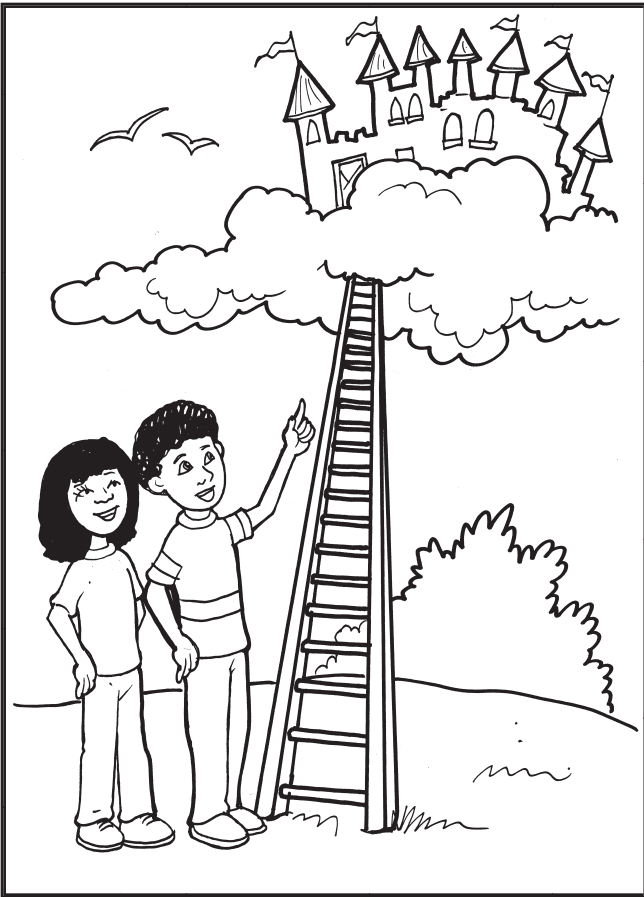

### ***Picture D***

Finally, the giant went to bed and started to snore. The snoring caused the castle to shake.
