# Part 8

## Picture Scene Comparisons

Each of the picture pages in this section includes two picture scenes in which people are depicted in a variety of situations. The student is asked to describe how the pictures are the same and how they are different. When comparing pictures, students will identify differences in the physical characteristics of the people, animals, and objects shown. Differences can also be found in how nouns are positioned and in what they are doing.

Picture Scene Comparisons #7

### Problem Solving Picture Scene #5

Alex borrowed a bat from his friend, Dave. When Alex was walking, he dropped the bat and it broke. What should Alex do?
